

Preventive Maintenance = \$Savings!

General Common Concept

A preventive maintenance agreement is an agreement between you and your air conditioning, heating & refrigeration company for scheduled inspections and maintenance of your heating, ventilation, and air conditioning (HVAC) system.

Our Concept

A preventive maintenance agreement is a commitment between you and your air conditioning, heating & refrigeration equipment to hire a professional company to perform scheduled inspections and maintenance so they can serve you at peak performance & efficiency.

They say, *"Take care of me and I will take care of you."*

It is Win Win Win plan

You Win

- 1- Comfort (Accurate & even temperature in the building, cooler & freezer)
- 2- Peace of mind (Knowing your equipment is well maintained regularly reduces the repair surprises)
- 3- Saving (Logically your utility consumption will be less with clean & well maintained equipment, it is common sense!)

Equipment Wins

- 1- Improve Capacity (Logically, neglecting equipment reduces capacity year after year. It is common sense!)
- 2- Improve Safety (Logically, regularly maintained equipment works safer & problem free versus neglected equipment. It is common sense!)
- 3- Extended life (Logically, neglected equipment, looks older doesn't last long. It is common sense!)

We Win

- 1- Steady business (No weather derived ups & downs in the business. Taking care of the members ensures job security for the comfort specialist)
- 2- Steady cash flow (Small monthly membership fee provides the company cash flow)
- 3- Happy & loyal clients (Performing regular preventive maintenance prevents lots of problems, leads to happy & loyal clients, more referrals and more business. There is nothing better than doing business with happy clients.)
